

Hands Off Our A&E! Hands Off Our Hospital!

In a medical emergency, every minute counts

For the attention of MPs representing Shropshire and Telford and Wrekin, and Chairs of Shropshire NHS Clinical Commissioning Group and Telford and Wrekin Clinical Commissioning Group.

DO NOT CLOSE OUR A&E. DO NOT CUT HOSPITAL SERVICES.

We have a population of 540,000 people, living across more than 2000 square miles, in Shropshire, Powys and Telford and Wrekin. Journey times to hospital are long, public transport is poor, and ambulance services are under-funded.

We need <u>both</u> our A&Es and <u>both</u> our hospitals: the Royal Shrewsbury Hospital AND the Princess Royal Hospital in Telford.

Cuts kill. Leave our hospitals alone. People's lives must come before cuts and closures.
